

Dear Sirs.

Let me introduce myself: My name is Leonardo Sanches and I work at the International Department of **FIOTEC** a foundation linked to **FIOCRUZ** (Brazilian Ministry of Health) and it was created to speed up their process and operate some of their projects.

FIOTEC has the benefit of making direct purchases with the manufacturers of the products and as it is a purchase in the USA and not in Brazil, we need to request the proposal with the manufacturer. For this reason, I kindly ask you to arrange an EXW proforma invoice for the purchase of the SpectraMax parts listed below:

PRODUCT	REF	QUANTITY
Upgrade kit for 340PC, 384PLUS and 190 GEN II FW. (includes filter carousel and motor)	S0310-4554	01
PCBA Main Board UMBIII USB ABS BR - MOLDEV	S5034004	01
Protective filter for the air circulation fan MOLDEV (190/340PC384/PLUS 384/VersaMax)	3910-0004	01
Lower housing for SpectraMax – MOLDEV Ref.: S2400-0166	S2400-0166	01
