

[illegible]

A right-angled triangle is shown with a horizontal base and a vertical height. The base is labeled 14,21 and the height is labeled 15,91. The hypotenuse is a black line composed of four segments, representing a stepped path. The triangle is formed by blue lines for the base and height, and a black line for the hypotenuse.

Diagram illustrating a right-angled triangle with a horizontal base of 15,33 and a vertical height of 11,75. The hypotenuse is a straight line connecting the top-left and bottom-right vertices. The base and height are marked with red dimension lines and labels.
